The Programs (which include both the software and documentation) contain proprietary information; they are provided under a license agreement containing restrictions on use and disclosure and are also protected by copyright, patent, and other intellectual and industrial property laws. Reverse engineering, disassembly, or decompilation of the Programs, except to the extent required to obtain interoperability with other independently created software or as specified by law, is prohibited.

The information contained in this document is subject to change without notice. If you find any problems in the documentation, please report them to us in writing. This document is not warranted to be error-free. Except as may be expressly permitted in your license agreement for these Programs, no part of these Programs may be reproduced or transmitted in any form or by any means, electronic or mechanical, for any purpose.

If the Programs are delivered to the United States Government or anyone licensing or using the Programs on behalf of the United States Government, the following notice is applicable:

U.S. GOVERNMENT RIGHTS

Programs, software, databases, and related documentation and technical data delivered to U.S. Government customers are "commercial computer software" or "commercial technical data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the Programs, including documentation and technical data, shall be subject to the licensing restrictions set forth in the applicable Oracle license agreement, and, to the extent applicable, the additional rights set forth in FAR 52.227-19, Commercial Computer Software--Restricted Rights (June 1987). Oracle Corporation, 500 Oracle Parkway, Redwood City, CA 94065.

The Programs are not intended for use in any nuclear, aviation, mass transit, medical, or other inherently dangerous applications. It shall be the licensee's responsibility to take all appropriate fail-safe, backup, redundancy and other measures to ensure the safe use of such applications if the Programs are used for such purposes, and we disclaim liability for any damages caused by such use of the Programs.

The Programs may provide links to Web sites and access to content, products, and services from third parties. Oracle is not responsible for the availability of, or any content provided on, third-party Web sites. You bear all risks associated with the use of such content. If you choose to purchase any products or services from a third party, the relationship is directly between you and the third party. Oracle is not responsible for: (a) the quality of third-party products or services; or (b) fulfilling any of the terms of the agreement with the third party, including delivery of products or services and warranty obligations related to purchased products or services. Oracle is not responsible for any loss or damage of any sort that you may incur from dealing with any third party.

Oracle, JD Edwards, and PeopleSoft are registered trademarks of Oracle Corporation and/or its affiliates. Other names may be trademarks of their respective owners.

Open Source Disclosure

Oracle takes no responsibility for its use or distribution of any open source or shareware software or documentation and disclaims any and all liability or damages resulting from use of said software or documentation. The following open source software may be used in Oracle's PeopleSoft products and the following disclaimers are provided.

(USA) Managing PeopleSoft SEVIS Solution Visa Processing for J and FM Visas

This section includes changes to the Managing PeopleSoft SEVIS Solution Visa Processing for J and FM Visas chapter. Specifically it includes a note added to the registration trigger that is documented in the Running the SEVIS Alerts Process for F and M Visas section.

Page Used to Run the SEVIS Alerts Process

Page Name	Object Name	Navigation	Usage
Process SEVIS Alerts - F/M	RUNCTL_CCSEVCMP	<ul style="list-style-type: none"> Campus Community, SEVIS, F/M Alerts, Select Alerts to Report - F/M Campus Community, SEVIS, J Alerts, Process SEVIS Alerts - J 	Determine the events sent to the SEVIS Alerts table and extract the data to be sent to SEVIS for the respective visa type (F/M or J).

Running the SEVIS Alerts Process for F and M Visas

The Registration row of the trigger logic table is changed as follows to reflect the update:

Event	Trigger Logic
Registration	<p>The student has a SEVIS Status of <i>Initial</i> or <i>Active</i>.</p> <p><i>AND</i></p> <p>The As of date on the Process SEVIS Alerts – F/M component is earlier than or equal to the date when the process runs.</p> <p><i>AND</i></p> <p>The term in the SEVIS Master component, Registration page is not equal to the current term on the Process SEVIS Alerts – F/M component, or the term on the SEVIS Master Registration page is blank.</p> <p><i>AND</i></p> <p>The student is currently enrolled in any institution, career, or term from the Process SEVIS Alerts – F/M component.</p> <p><i>OR</i></p> <p>The student has a full course exception for the current term on the Process SEVIS Alerts - F/M page for the institution and career on the I-20 form.</p> <p>Note. If the Next Term (Process SEVIS Alerts – F/M page) has a start date that is later than the student’s length of study To Date (I-20 Form page), then the system selects the Last</p>

	<p>Session check box on the Addl Data page (Select Alerts to Report – F/M component). This identifies the registration event as registration for the last session available within the student’s allowed length of study.</p>
