The Programs (which include both the software and documentation) contain proprietary information; they are provided under a license agreement containing restrictions on use and disclosure and are also protected by copyright, patent, and other intellectual and industrial property laws. Reverse engineering, disassembly, or decompilation of the Programs, except to the extent required to obtain interoperability with other independently created software or as specified by law, is prohibited.

The information contained in this document is subject to change without notice. If you find any problems in the documentation, please report them to us in writing. This document is not warranted to be error-free. Except as may be expressly permitted in your license agreement for these Programs, no part of these Programs may be reproduced or transmitted in any form or by any means, electronic or mechanical, for any purpose.

U.S. GOVERNMENT RIGHTS

Programs, software, databases, and related documentation and technical data delivered to U.S. Government customers are “commercial computer software” or “commercial technical data” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the Programs, including documentation and technical data, shall be subject to the licensing restrictions set forth in the applicable Oracle license agreement, and, to the extent applicable, the additional rights set forth in FAR 52.227-19, Commercial Computer Software--Restricted Rights (June 1987). Oracle Corporation, 500 Oracle Parkway, Redwood City, CA 94065.

The Programs are not intended for use in any nuclear, aviation, mass transit, medical, or other inherently dangerous applications. It shall be the licensee's responsibility to take all appropriate fail-safe, backup, redundancy and other measures to ensure the safe use of such applications if the Programs are used for such purposes, and we disclaim liability for any damages caused by such use of the Programs.

The Programs may provide links to Web sites and access to content, products, and services from third parties. Oracle is not responsible for the availability of, or any content provided on, third-party Web sites. You bear all risks associated with the use of such content. If you choose to purchase any products or services from a third party, the relationship is directly between you and the third party. Oracle is not responsible for: (a) the quality of third-party products or services; or (b) fulfilling any of the terms of the agreement with the third party, including delivery of products or services and warranty obligations related to purchased products or services. Oracle is not responsible for any loss or damage of any sort that you may incur from dealing with any third party.

PEOPLESOFT MAINTENANCE PACK INSTALLATION INSTRUCTIONS

This document provides instructions to do manual Application updates. The tasks in this document are in addition to the tasks in Change Assistant and must be completed in order to complete the installation of this Maintenance Pack.

Task Overview

The following table outlines the tasks in this document:

Task No.	Task Name
Task X-1	Performing Pre-Build Additional Update Activities

Task X-1: Performing Pre-Build Additional Update Activities

In this task, you will perform pre-build updates needed for the Maintenance Pack.

Note. Some instructions are for all products while others may be specific to a certain product. Please execute only those steps that are specific to your environment and Maintenance Pack installation.

This section discusses the following:

- Running Data Mover Scripts
- PeopleSoft Payroll – Tax Updates

Running Data Mover Scripts

1. The scripts below needs to be executed by **GP Spain customers only**. Other country extensions may skip this step.

es732077_01.dms
es733685_01.dms

2. The script below needs to be executed by GP New Zealand customers only. Other country extensions may skip this step.

nz732077_01.dms

Note: This script generates a dat file that is used later in this package by script nz732077_02.dms. Based on your datamover settings, this file may need to be moved to a different directory before running nz732077_02.dms.

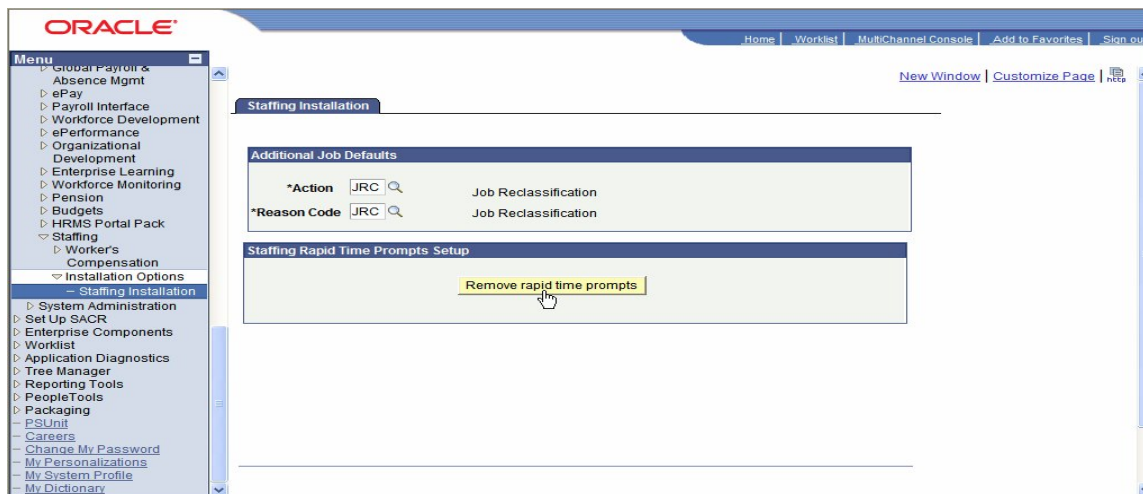

PeopleSoft Payroll – Tax Updates

Tax Updates **08-B** and **08-C** are included with this Maintenance Pack. Please see the Special Notes pertaining to each Tax Update before proceeding with your installation. The special notes doc can be found in Customer Connection for each tax update.

Removing Rapid Time Prompts

Note : If Pay/Bill Management is installed, please remove Rapid Time Prompts before proceeding with this update installation.

1. Navigate to Main Menu, Set Up HRMS , Product Related, Staffing, Staffing Installation.

2. Click on the 'Remove rapid time prompts button'.

Note: Once this update is completely and successfully installed you can re-Create rapid time prompts as needed.
