PeopleSoft Recruiting and Admissions Documentation Updates for CS Bundle #21

Note. This document is an update to the *PeopleSoft Enterprise Recruiting and Admissions 8.9 PeopleBook*. It describes the Product Update ID # 739495 that was posted to Customer Connection in August 2009. Use this document in conjunction with your PeopleBook to maintain a complete set of documentation.

This document provides information related to updates and fixes delivered with CS Bundle 21. Specifically, it discusses changes related to how to:

- Search/Match/Post test scores.

The document also lists a correction for the *Setting Post Parameters for EDI TS189 External Data* section of the Bundle 19 documentation.

The Ethnicity Update Rules, Set Hispanic/Latino Indicator, and Update IPEDS Ethnicity Flag group boxes have been added to this page.

Ethnicity Update Rules

For LSAT/LSDAS and AMCAS only:

Update All Records

Select this option if you want the process to post the ethnicity data to the ethnicity records (DIVERS_ETHNIC and ETHNICITY_DTL) for all existing EMPLIDS. The posted ethnicity data can be viewed on the Ethnicity page (Campus Community, Personal Information, Biographical, Personal Attributes, Ethnicity) or on the Regional page of the Add/Update a Person component (Campus Community, Personal Information or Personal Information (Student), Add/Update a Person).

If you select this option and if data already exists for an EMPLID on the ethnicity records, the process inserts a new row into the records for the EMPLID. If the Ethnic Group of *NSPEC* is currently populated on either ethnicity record, new rows will not be inserted.

Update If Not Populated Select this option if you want the process to post the ethnicity data only for those EMPLIDS who do not have existing ethnicity data.

Set Hispanic/Latino Indicator

For LSAT/LSDAS only:

Hispanic/Latino Populated Select this option if you want the process to check the **Person is Hispanic or Latino** check box on the Ethnicity or Regional page (HISP_LATINO = Y for a DIVERS_ETHNIC record).

If you select this option, the process checks the **Person is Hispanic or Latino** check box if the person's test score ethnicity data is mapped to an Ethnic Group with the EEO Ethnic Category of Hispanic/Latino (Ethnicity or Regional page displays EEO Ethnic Category as the Ethnic Category).

Do Not Update Select this option if you do not want the process to check the **Person is Hispanic or Latino** check box on the Ethnicity page.

If you select this option, the process does not check the **Person is Hispanic or Latino** check box even if the person's test score ethnicity data is mapped to an Ethnic Group with the EEO Ethnic Category of Hispanic/Latino.

Update IPEDS Ethnicity Flag

For LSAT/LSDAS and AMCAS only:

For New Person Records Added Select this option if you want the process to check the IPEDS check box on each ethnic group row inserted to the Ethnicity or Regional page (ETH_VALIDATED = Y for each DIVERS_ETHNIC record) only for new EMPLIDS added to the system.

For All Person Records Posted Select this option if you want the process to check the IPEDS check box on each ethnic group row inserted to the Ethnicity or Regional page (ETH_VALIDATED = Y for each DIVERS_ETHNIC record) for both new and updated EMPLIDS.

Setting Post Parameters for EDI TS189 External Data

Access the Post Parameters page (Student Admissions, Application/Transcript Loads, TS189, Search/Match/Post Process).

The following is a correction to the Bundle 19 documentation and is not a functional update for Bundle 21.

Update IPEDS Ethnicity Flag**For New Person Records Added**

Select this option to instruct the TS189 Post program to check the IPEDS flag for each row on the Ethnicity page in Campus Community only for new person records added to the system.

For All Person Records Posted

Select this option to instruct the TS189 Post program to check the IPEDS flag for each row on the Ethnicity page in Campus Community for both new and updated EMPLIDs.
