The Programs (which include both the software and documentation) contain proprietary information; they are provided under a license agreement containing restrictions on use and disclosure and are also protected by copyright, patent, and other intellectual and industrial property laws. Reverse engineering, disassembly, or decompilation of the Programs, except to the extent required to obtain interoperability with other independently created software or as specified by law, is prohibited.

The information contained in this document is subject to change without notice. If you find any problems in the documentation, please report them to us in writing. This document is not warranted to be error-free. Except as may be expressly permitted in your license agreement for these Programs, no part of these Programs may be reproduced or transmitted in any form or by any means, electronic or mechanical, for any purpose.

If the Programs are delivered to the United States Government or anyone licensing or using the Programs on behalf of the United States Government, the following notice is applicable:

#### U.S. GOVERNMENT RIGHTS

Programs, software, databases, and related documentation and technical data delivered to U.S. Government customers are "commercial computer software" or "commercial technical data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the Programs, including documentation and technical data, shall be subject to the licensing restrictions set forth in the applicable Oracle license agreement, and, to the extent applicable, the additional rights set forth in FAR 52.227-19, Commercial Computer Software--Restricted Rights (June 1987). Oracle Corporation, 500 Oracle Parkway, Redwood City, CA 94065.

The Programs are not intended for use in any nuclear, aviation, mass transit, medical, or other inherently dangerous applications. It shall be the licensee's responsibility to take all appropriate fail-safe, backup, redundancy and other measures to ensure the safe use of such applications if the Programs are used for such purposes, and we disclaim liability for any damages caused by such use of the Programs.

The Programs may provide links to Web sites and access to content, products, and services from third parties. Oracle is not responsible for the availability of, or any content provided on, third-party Web sites. You bear all risks associated with the use of such content. If you choose to purchase any products or services from a third party, the relationship is directly between you and the third party. Oracle is not responsible for: (a) the quality of third-party products or services; or (b) fulfilling any of the terms of the agreement with the third party, including delivery of products or services and warranty obligations related to purchased products or services. Oracle is not responsible for any loss or damage of any sort that you may incur from dealing with any third party.

# PeopleSoft Recruiting and Admissions Documentation Updates for CS Bundle #12

**Note.** This document is an update to the *PeopleSoft Enterprise Recruiting and Admissions 8.9 PeopleBook*. It describes the Product Update ID #687640 that was posted to Customer Connection in November 2007. Use this document in conjunction with your PeopleBook to maintain a complete set of documentation.

This document provides information related to updates and fixes delivered with CS Bundle #12. Effective December 2007, Queensland Tertiary Admissions Centre (QTAC) will introduce a revised load file format. This document discusses the modifications to the TAC suspense and candidate pages specific to the revised QTAC file format.

## See Also

*PeopleSoft Enterprise Recruiting and Admissions 8.9 PeopleBook*, "(AUS) Managing Tertiary Admissions Centre Data Loads," Reviewing and Editing Data in the Suspense Record

*PeopleSoft Enterprise Recruiting and Admissions 8.9 PeopleBook*, "(AUS) Managing Tertiary Admissions Centre Data Loads," Reviewing TAC Candidate Data

## Reviewing and Editing Data in the Suspense Record

This section discusses modifications to fields on the TAC Suspense pages specific to the QTAC file format changes.

### Pages Used to Review and Edit Suspense Data

Page Name	Object Name	Navigation	Usage
Personal Information	SAD_TAC_SUS_BIO	Student Admissions, TAC Processing, TAC Suspense, Personal Information	Review and edit the student's personal information in the suspense record. Refer to the data layouts from the TAC to determine the fields that will appear.
Residency	SAD_TAC_SUS_RES	Student Admissions, TAC Processing, TAC Suspense, Residency	Review and edit residency details and additional DEST reporting fields about the student. Data from this page is used to populate residency and DEST reporting fields as part of the posting process.

Page Name	Object Name	Navigation	Usage
Qualifications	SAD_TAC_SUS_QUALS	Student Admissions, TAC Processing, TAC Suspense, Qualifications	Review and edit detailed information about the student's qualifications. These details populate the external education data as part of the posting process.
Offers	SAD_TAC_SUS_OFFER	Student Admissions, TAC Processing, TAC Suspense, Offers	Review and edit basic applicant and offer details. The data from this page is used during the posting process to populate admission applicant data and admission applicant program data.
